Dear Honorable Judge:

Please find this letter requesting to hold today's conference by telephone. The matter was not calendared properly in our office case management software. I am away and out of town today and will not be able to appear in-person. I apologize for this error. I was made aware of today's conference when discussing the proposed order with opposing counsel and recognized my mistake. I will be available via telephone. Plaintiff's attorney has consented to my request. We have discussed the proposed scheduling order and agreed upon the proposed dates.

Very truly yours,

_____/s/ DAVID J. PRETTER_____
